

# We are Changing Our Telehealth Platform!

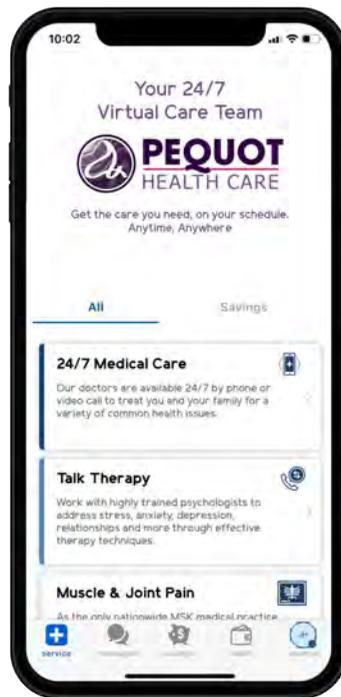

## Healthcare Can Be a Challenge.

Too many logins, skyrocketing costs and increasing complexity make today's healthcare experience frustrating, confusing and exhausting!

## It Doesn't Have To Be That Way!

With the new, easy to use Pequot Health Care app, you have 24/7 access to on-demand health care services along with time and money savings tools and resources.

- Need a doctor at 2 in the morning?
- Looking for a discount on your prescriptions?
- Stressed out and needing someone to talk to?
- Want a place to keep your insurance, dental and vision info?

Access everything you need on one powerful, easy to use mobile app. Best of all, you can use it as much as you want, and it won't cost you a penny.

## Centralize Your Care With Our Mobile App!

### General Medical

24/7 access to experienced, US Board Certified doctors who can diagnose, prescribe and provide treatment plans.

### Mental Health

Speak with board certified psychiatrists, licensed psychologists or therapists by phone or video from wherever you are.

### Muscle & Joint Pain (MSK)

As the only nationwide MSK medical practice with doctor-led care teams, we drive better outcomes.

### Additional Tools

- Digital Benefit Wallet
- Rx Savings Center
- Medical Bill Review
- Debt & Financial Coaching
